Welcome!

Deb and Craig

Chase, Ashton and Family

Dillon and Callie

Welcome to our 34th annual production sale! We truly look forward to seeing all of our customers and friends and want to thank you for your trust and confidence in our program through the years. We are also excited for any new faces that will join us on sale day. Our commitment is to our customers. Every mating we make is designed to produce bulls and heifers that will work for you and make your ranch profitable. We will continue to move our herd forward to bring to you the best and most profitable genetics.

This year's bull offering is the best and most uniform set we have presented yet . . . with length, thickness, and natural fleshing ability. 70 bulls sell—the top out of 140 bulls, and none are sold before the sale. Each year we search out the proven AI sires that will improve our herd which in turn will progress yours as well. With expenses up and feed hard to find, our goal is to offer you a bull whose progeny will be both profitable and economical. These bulls are raised and weaned in big pastures before being brought home, where they are fed until sale time in a large lot. We place them on a high roughage ration that balances growth with development. All of this ensures that they are ready to go to work for you. We believe in the importance of hard data, so from birth we maintain records on these bulls. In addition, we also DNA test for parentage and genetic EPDs.

Again, we are selling 50 fancy commercial replacement heifers. If you are thinking of adding to your cow herd, take a look at these. They will be easy fleshing, high volume cows that will maintain themselves, breed back early and raise heavy calves. Our program has always focused on the female—Great cows produce great bulls! We sort our cows hard for economically sound traits: longevity, fertility, efficiency, fleshing ability, disposition, udder quality, and structural soundness. These heifers are sisters to the bulls selling, born and raised right here on our ranch.

Disposition is important to us. From the time they are born, our cattle have been worked with horses, handled quietly, and once weaned are walked through, so that they are used to people and horses.

We value you as our customer, so we again offer our first breeding season guarantee, in addition to our repeat buyer credit of \$50 per bull for those who purchased in the 2021 sale. We will deliver your bull purchases free for the first 200 miles or take off \$50 for each bull you haul home on sale day.

We would love for you to come visit and see the bulls and heifers at the ranch any time prior to April 6th, at which point they will be available for viewing at Belle Fourche Livestock. Videos of the bulls are available on our web site at bar69angus.com and on DV Auction. Supplement sheets with scrotal information and updated weights will be available on sale day.

If you are unable to attend in person, please remember our guaranteed bid program. You're welcome to bid by phone or on DV Auction. The sale day phone number is 605-892-2655.

We look forward to seeing you on April 7th,

The Kukuchkas

SUPPLEMENTAL INFORMATION

A supplement sheet with weights and scrotal measurements will be available sale day and on online at Bar69Angus.com

**VIDEOS AVAILABLE ON
BAR69ANGUS.COM**

TERMS AND CONDITIONS

Cattle will sell under the terms and conditions recommended by the American Angus Association. All cattle are to be settled for sale day unless prior arrangements have been made.

HERD HEALTH

Our bulls and heifers are on a complete health program to ensure they perform well for you. The bulls were fertility tested and scotal measured by Dr. Bill Marlett, D.V.M. of the Belle Fourche Vet Clinic. Bulls and heifers have been vaccinated Spring and Fall with Vista Once PHM, Vision 7 w/Somnus, poured with Cydectin and later with Clean-Up. Bulls have been vaccinated for foot rot. Heifers have received their pre-breeding shot of Express FP5-VL5.

CONDITIONING OF SALE BULLS

Every bull has a useful performance record. These bulls have been handled in a practical manner, developed without creep until weaning time, and finished on a light growing ration until sale time.

REPEAT BUYER POLICY

If you purchased an animal in last year's sale, you will receive \$50 off each purchase in this year's bull sale. This credit is only good if you made a purchase in last year's sale, not just any previous sale. If you make a purchase in this year's sale, you will receive \$50 off each purchase in next year's sale, should you decide to be a repeat customer.

RETAINED INTEREST

Bar 69 Angus Ranch is retaining one third revenue sharing semen interest in every bull selling in this sale. Full possession and salvage value sells on all bulls.

TRUCKING

Bulls will be delivered free of charge up to 200 miles from Belle Fourche Livestock. \$50.00 off each bull if you haul sale day.

LIABILITY

All persons who attend do so at their own risk, and Bar 69 Ranch assumes no liability, legal or otherwise, for any accidents which may occur.

***Announcements on sale day take precedence over
any information in this catalog.***

First Breeding Season Guarantee

All Bulls will be covered 50% by the Bar 69 Angus Ranch if they are injured during the first breeding season.

Breeding season is defined as the 60-day period following the first turnout of the bulls. 50% of the purchase price, minus half the salvage value, will be given as credit towards a replacement bull, if we have one available, or as a credit at next year's sale.

- All bulls must be diagnosed by a licensed veterinarian.
- We must be notified should injury occur and before the bull is sold for salvage. A copy of the salvage receipt must be sent to us.
- All claims must be made by September 1, 2022.
- We will not be responsible for more than half the purchase price of the bull. Mortality insurance will be available.

THE VALUE LIES WITHIN

Bar 69 has utilized the best in Angus genetics for decades and is proud to bring you a set of bulls, that as a group, rank above the breed in many of the below traits.

	CED	BW	WW	YW	MILK	\$M	\$W
BAR 69 AVG	7	0.9	60	106	28	70	67
BREED AVG	6	1.2	59	105	26	61	61

Maternal Weaned Calf Value (\$M) builds on \$W by adding heifer pregnancy (fertility), docility and the new foot score EPDs.

As you can see, the bulls in this sale average significantly higher than breed average for these profitability traits. Bar 69 Ranch has selected for profitable maternal traits for decades, and it shows in the numbers!

Weaned Calf Value (\$W) provides the expected dollar-per-head difference in future progeny preweaning performance from birth to weaning. \$W assumes that producers retain 20% of their female progeny for replacements and sell the rest of their cull female and male progeny as feeder calves.

Sustainable Cattle!

For over 30 years, we have bred **PROFITABLE** bulls that **PERFORM** for you, the commercial cattlemen. We run our cows as you do—with no special treatment. We believe great cows produce great bulls and have strived for decades to build a cow herd we are proud of. Disposition is of the utmost importance to us—we handle the cattle in the quietest way possible and make sure the bulls are used to people and horses.

We value a bull that is in good condition, but are very careful not to overfeed our bulls—we want them to have good feet and legs and be able to work hard an entire season. We have a high rate of return buyers due to the **LONGEVITY** of our bulls. Our family has been in the cattle business for over 100 years and we strive each day to continue that tradition of providing genetics that work for you.

It all starts at birth!

You are making a long-term decision with the purchase of every bull, so we have gone the extra mile starting at birth. We scale weigh each calf within hours of birth and continue accurate record keeping, collecting weaning and yearling weights. All bulls are DNA'd for parentage and genetic performance, but real records need to be turned in for the accuracy to be there. Disposition is very important to us. Bar 69 cattle are handled quietly with a hands-on approach.

ANGUS RANCH

Selling
50 *Fancy Commercial Replacement Females*

These commercial heifers are all one brand heifers that were raised on our ranch. They are purebred Angus from our registered Angus cows. They have been on our complete herd health program and have had all their calfhood vaccinations and were poured at branding, weaning and again in January. They were vaccinated for Brucellosis and have had their pre-breeding shot of Express FP5-VL5.

The bulls and heifers will be available for viewing at the ranch six miles east of Belle Fourche prior to the sale and at Belle Fourche Livestock the day before the sale. We are available to answer questions any time. Give us a call at 605-892-2875!

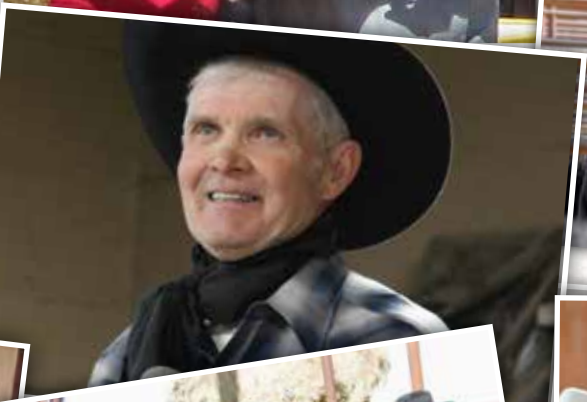

Thank You

to the Bar 69 Crew. We appreciate each of you so much!

Thank you to all of the buyers and bidders and to all who help make our sale a success!

Call us if we can help you in any way or if you have any questions about our cattle.
